

SAVE ENERGY AND MONEY

WITH SMALL BUSINESS EXPRESS

Get professional guidance to identify energy-saving opportunities for your facility with MidAmerican Energy's Small Business Express offering.

This offering is a one-stop shop to identify energy-saving opportunities, establish a plan to get improvements implemented and reduce out-of-pocket costs. By participating in this offering, you will be eligible for standard rebates as well as rebates not available through other energy efficiency programs. Check the Small Business Express reference sheet for applicable rebates.

We know your time is limited. Let us help you make improvements quicker and easier.

TO PARTICIPATE, YOUR FACILITY MUST:

- ▶ Have electric and/or natural gas service provided by MidAmerican
- ▶ Be smaller than 100,000 square feet
- ▶ Have total energy costs less than \$125,000

HOW TO GET STARTED

Schedule a free facility energy assessment with a Qualified Service Provider (QSP). Find a list of QSPs at [MidAmericanEnergy.com/sbx](https://www.midamericanenergy.com/sbx). Then, the QSP will guide you through the rest of the process in making improvements to your facility that will save you energy and money.
