

Welcome Jack Lehmann – our newest Trade Ally Ambassador!

Jack recently graduated from Drake University with a degree in environmental sustainability and resilience. While at Drake he played offensive line on the football team and was a member of the Drake Environmental Action League. Outside of sports he enjoys spending time outdoors hiking, camping and snowboarding. He is looking forward to helping all our trade allies utilize our programs and answering any questions.

To reach a Trade Ally Ambassador, call [877-290-4517](tel:877-290-4517) or email tradeallycentral@midamerican.com.

[Trade Ally Central](https://www.tradeallycentral.com) is a dedicated website for all our contractors, dealers, and trade allies. We made it easy to find rebate applications and program materials you may need. The site keeps you updated on announcements and news specifically to trades as well as the availability of customer incentives by state.

Visit Trade Ally Central ►

Become a Small Business Express Qualified Service Provider

Don't miss out on higher rebates and lower out-of-pocket costs for your small business customers. MidAmerican's Small Business Express (SBX) offering provides rebates up to 70% of project costs, and customers can choose to have the rebates be paid directly to their contractor. Only Qualified Service Providers (QSPs) can offer customers SBX rebates and

services.

SBX features additional rebates that are not available through the standard nonresidential equipment program. For details on these enhanced rebates, review the program materials for each state.

[Iowa materials](#) ►

[Illinois materials](#) ►

Iowa and Illinois customers are eligible for SBX if they:

- Receive their natural gas and/or electricity from MidAmerican,
- Are smaller than 50,000 square feet, and
- Have less than \$100,000 in annual energy costs.

Begin the process today by completing an [interest form](#), calling [877-290-4517](tel:877-290-4517) or emailing tradeallycentral@midamerican.com.

Reminder: DesignLights Consortium products to be delisted on June 30, 2022

New standards related to efficacy and dimming functionality were put into place with DLC's update to V5.1 technical requirements, which affected many fixtures currently listed with DLC. Products that are not upgraded to meet V5.1 will be delisted on June 30, 2022.

Delisted equipment that is purchased by customers on or after July 1, 2022, will not be eligible to receive MidAmerican Energy rebates. The purchase date will be determined using the customer invoice.

Additional details related to DesignLights Consortium's transition to Solid State Lighting V5.1 requirements are available online.

Share summer savings!

Remind customers to beat the summer heat and upgrade their air conditioner to an eligible energy-efficient unit. MidAmerican has air conditioner rebates up to \$500 for Iowa and Illinois customers.

Review or print program materials and reference sheets to share with your customers.
