

Join us November 10 to learn about our new Instant Discounts program

On Thursday, November 10 at 8 a.m., we will host a virtual meeting via Webex to discuss this new program from MidAmerican and Alliant Energy before its official launch in January 2023.

The new Instant Discounts program will change the way rebates are delivered to customers for select lighting and HVAC equipment. Rebates will be paid directly to a participating distributor and then passed on instantly to the customer, eliminating paper/online rebate forms and reducing the cost of the equipment at the time of sale.

We'll discuss:

- Instant discount equipment eligibility
- Distributor requirements
- Benefits for customers and Trade Allies
