

IMPORTANT INFORMATION FOR TRADE ALLIES

2021 Energy Efficiency Program Spending Notification #5

MidAmerican Energy Company is committed to delivering energy efficiency programs to its customers at a reasonable cost and within the budget limits of the law (See Iowa Code 476.6(15)(c)(2)). In order to meet this commitment, periodic adjustments to program offerings and incentives may be necessary to avoid exceeding energy efficiency program budgets approved by the Iowa Utilities Board. MidAmerican provides notification when the current year's actual spending by program exceeds 50%, 65%, 75% and 80% of its approved budget. As remaining available funds become further reduced or fully exhausted, additional notifications will be sent.

No program or incentive adjustments are needed at this time; however, notification is being provided for the following program(s):

STATE	FUEL SOURCE – PROGRAM NAME	PERCENT OF BUDGET UTILIZED
Iowa	Natural Gas – Residential Equipment	90%

Applications received will continue to be processed on a first-come, first-served basis while 2021 funding is still available.

If you have questions about the notification or energy efficiency programs, please call 877-290-4517 or visit our website, MidAmericanEnergy.com/ee for additional information.
